

## **401. Buffer Strip Reporting**

**Purpose:** This policy has been adopted by the CRWD Board of Managers in order to provide standards for completing buffer strip reporting for public drainage systems the CRWD serves as the drainage authority over. Under MN Statutes 103E.067, drainage authorities are required to submit a report to the MN BWSR on a calendar year basis providing required information about public drainage ditch buffer strip establishment, inspection and enforcement.

**Standard 1:** The CRWD will submit this required report to MN BWSR annually by March 1<sup>st</sup>.
